

The Kentucky Department of Fish and Wildlife Resources is closely monitoring the rapidly evolving coronavirus disease 2019 (COVID-19) outbreak. At this time, the department plans to open conservation camps as scheduled.

**This is our pledge to you:**

- Camper safety is our top priority
- We will keep campers, parents and guardians informed of any changes to the conservation camp schedule as a result of COVID-19. Information will be emailed and posted on the department's website at [fw.ky.gov](http://fw.ky.gov).
- The department will consider adjusting our refund policy for campers impacted by COVID-19

Kentucky Fish and Wildlife is following the guidance and monitoring updates provided by the Centers for Disease Control and Prevention, state officials and other national and local health organizations.

We encourage everyone to follow recommended guidelines to limit potential risk.

**These guidelines include:**

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing
- If soap and water are not readily available, use a hand sanitizer that contains at least 60 percent alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick
- Put distance between yourself and other people if COVID-19 is spreading in your community. This is especially important for people who are at higher risk of getting very sick.
- Stay home when you are sick
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow. Throw used tissues in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe

*For the latest information on COVID-19 in Kentucky, including guidance, updates and frequently asked questions, please visit the website of the Kentucky Department for Public Health at [kycovid19.ky.gov](http://kycovid19.ky.gov). People who believe they have the virus and need guidance on steps to take can call the COVID-19 Hotline at 1-800-722-5725.*
